OFFICE OF PETITIONS

In re Application of Holger Nolte, et. al.

Application No. 10/001,940

Filed: November 29, 2001 Attorney Docket No. CRR0001 **DECISION ON PETITION**

This is a decision on the petition under the unintentional provisions of 37 CFR 1.137(b), filed February 20, 2008, to revive the above-identified application.

The petition is **GRANTED**.

This application became abandoned for failure to timely pay the issue and publication fees on or before December 20, 2007, as required by the Notice of Allowance and Fee(s) Due, mailed September 20, 2007. Accordingly, the date of abandonment of this application is December 21, 2007.

The petition satisfies the requirements of 37 CFR 1.137(b) in that petitioner has supplied (1) the reply in the form of payment of the issue fee of \$1440 and the publication fee of \$300, (2) the petition fee of \$1540; and (3) an adequate statement of unintentional delay.

37 CFR 1.137(b)(3) requires a statement that "the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional." Since the statement appearing in the petition varies from the language required by 37 CFR 1.137(b)(3), the statement is being construed as the required statement. Petitioner must notify the Office if this is **not** a correct reading of the statement appearing in the petition.

There is no indication that the person signing the petition was ever given a power of attorney or authorization of agent to prosecute the above-identified application. However, in accordance with 37CFR 1.34(a), the signature of Raphael A. Valencia appearing on the petition shall constitute a representation to the United States Patent and Trademark Office that he is authorized to represent the particular party in whose behalf he acts.

It is not apparent whether the statement of unintentional delay was signed by a person who would have been in a position of knowing that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. Nevertheless,

in accordance with 37 CFR 10.18, the statement is accepted as constituting a certification of unintentional delay. However, in the event that petitioner has no knowledge that the delay was unintentional, petitioner must make such an inquiry to ascertain that, in fact, the delay was unintentional. If petitioner discovers that the delay was intentional, petitioner must so notify the Office.

Telephone inquiries concerning this decision should be directed to Denise Williams at (571) 272-8930.

This application is being referred to the Office of Data Management for processing into a patent.
